To Whom It May Concern:

I would like to highly recommend Abatement Experts as a reputable and reliable company to use for asbestos abatement. They went above and beyond in helping our school get through the paperwork and guide us through the steps with the local city government and the State of Colorado. In 2025, Mountain Middle School in Durango purchased a property adjacent to the school. This property had asbestos and needed remediation. Our school simply did not know where to start with removal and demolition. Not only was Abatement Experts the right solution for us, but they were very price competitive compared to other companies who submitted a bid for the work. The company was very professional and prompt with their work. I would definitely use them again!

If you have any questions or would like to discuss this recommendation. Please feel free to contact me.

Thanks,

John Arms
Board Secretary, VP 2025-2026
